PRESIDENT'S MESSAGE

The ACGS now boasts 153 members, 64 of whom reside in Ashley County. Our Membership Chairperson, Louise White, has done a good job.

I began my tenure as President in July, the beginning of this fiscal year. Since we have no regular meeting in August, my first meeting to preside over was September, when we toured the Ashley County Museum in Hamburg. Although it was not my first time in the Museum, it was certainly the most interesting, as Patsy White was an excellent and well-informed hostess, whose enthusiasm brought life to the displays. I was a little disappointed that she had so few people to guide through the Museum.

Melba Thomas, Vice-President and Program Chairman, has devoted many hours planning and arranging very interesting programs for our enjoyment. We should try to attend the monthly meetings to further our mutual interest in Genealogy.

Our next meeting is October 27, 1990, and the guest speaker will be Lynda Suffridge, who will speak on research in Canada and Scotland. I urge all members to make a special effort to attend. Let's give our guest a good audience.

CANAL BETWEEN OUACHITA & MISSISSIPPI RIVERS

BENJAMIN L. MILES TO DELEGATE SEVIER

Columbia, Chicot County A.T. November 18, 1833

Hon A. H. Seveir

Dear Sir

Inclosed you will please finde the memorial from a respectable porcion of the inhabatace of this County to the General Government, upon the subject of uniteing the Waters of the Washataw with the Mississippi by a Canal from the latter to the Bayou Bartholomew a tributary of the former and improoveing the navigation of sid Bartholomew and to this subject we earnestly solicit the attention of the Government we are well aware that those that are unacquainted with the Geography of our country this will at first view appear rather a visionary project but to such of us as are familiar with the Mississippi Swamps over flow and the course of its currents the belief is furmly established that the attention of the General Government could Scarcely be attracted to an object of internal improovement that would contribute more (and so immediately) to the interest of the Government and a large portion of the inhabatance of this Territory and a portion of Louisania as the one to which we allude

At the point where we presume the Engeniers (if directed to make the servey) would recommend the location of the canal the Bayou is but eleven miles and a half from the River by the Township line betwixt Township 13 and 14 South of the Base line about onehalf of the distance is anually inundated by the Spring fluds of the River and immediately below this the overflow spreads out and covers an extent of country from ten to twenty five miles wide-a large portion of which would be reclaimed by the imbankment below the canal and a levva extended down the Mississippi about six miles I think it no hasard of opinion in saying that such work would reclaim one hundred and fifty Sexions of land in the best Cotton region of our Territory that in the absence of such imbankment and levva the Government will never realize a dollar from and by the construction of the same the whole would be immediately together with the margin of the Bartholomew be brought into market and into a high state of cultivation the Bartholomew Lands are perhaps as desireable and as fine as any in the Territory and all but a verry few small tracts yet belong to the Government and owing to the obstructions in getting too and from them occasioned by the interveening Swamp or overflow of the Mississippi they are but little sought for and those impediments will be compleatly remooved by the accomplishment of our views and wishes above alluded to and the whole of the lands would be taken up before the worke could be accomplished if the servey was made and the Government undertake the improovement The imbankment on the lower side of the Canal would be the construction of a secure and perminant roade from the margin of the Mississippi to the high lands on the Bartholomew from thence good rodes could be constructed to all parts of the Territory to the Little Rock to the Hotsprings and to Washington in Hempsted County all of which are verry much needed and would inhance the value of the Pubck domain verry materially

I have not explored the whole of the contemplated route myself but I have conversed freely and freeqently with responsible men that are familiar with the ground over which it would pass and they think that the overflow will range from one to six feet none exceeding four except one or two slews that perhaps may be six till we reach the Bayou Mayson which is the most formadable obstruction on the rout it is a large open Bayou and doubtless would be persewed about two miles and I presume at the point of leaveing it would have to be closed up it lies about halfway from the Mississippi to the Bartholomew with high banks upon boath sides that seldom overflow from the Mayson to the Bartholomew there is no Mississippi overflow except some slews that the water backs up into and those are but trifeling

The improovements necessary on the Bartholomew to render it navigable for Steam Boats as high as the point where we would wish to intersect it with the canal would be but a light undertaking it is a large Bayou with a verry gentle courant has been navigated by fatboats Keel boats and Rafts and no drifts in it. a large portion of it is open and susseptable of Steam Boat navigation it is ferequently assended by Steam Boats thirty miles from its mouth from there up in places it neades some improovement With this I also forward to you a letter I received from the Hon Henry Brey of the Parish of Washataw and President of the Borde of Internal improovements in Louisiani which will apprise you of the interest that the people in that section of the country feel in the accomplishment of such an object and that this is not the first time that the attention of the Government has been invited to this subject and that you may expect the co-operation of the members from that state in urging the propriety and utility of its accomplishment the Roade from Columbia to Little Rock that we have so long soliciting the Government to aide us in constructing would pass on this same rout and the two objects to be undertaken at the same time would

come in mutual interest of each other as the construction of one would doe much towards the construction of the other and when we reach the Bartholomew the difficulties of the Road are all in a manner sermounted as the route from thence to Little Rock which the Roade would take a verry open country and would require but a trifleing expence to make a first rate waggon Roade-in confidence that the foregoing subjects will receive your exertion I subscribe myself yours Obd

Benj. L. Miles

[Addressed] Hon. A. H. Seveir Washington City Delegate in Congress from Arkansas.

(The text of the petiton is present but it is not here reproduced since it is of the same tenor and almost verbatim text as that of the memorial passed by the legistative assembly. But the names of the signers are here offered. An original memorandum signed by Sevier, Mar. 25, 1834, accompanies the above papers: "Mr. Pope will be pleased to take up public No 38 and report an amend to a bill before the house for surveys-I suppose \$1000 will be enough of money to defray expenses of surveys-"

(The preceding article was copied as written from the Arkansas Territory Papers and submitted by ACGS member, Faith Nowlin. Many of the signers of this petition were residents of what will later become Ashley County. Some of them have been marked with an *.)

The Twenty-ninth Regiment Arkansas Infantry, C.S.A., was organized in June, 1862, with ten companies from Ashley, Clark, Dallas, Jackson, and Pulaski counties. Companies "A" and "G" were raised in Ashley County. The regiment was first commanded by Colonel Joseph C. Pleasants, who was killed in action at the Battle of Prairie Grove, 7 December 1862. Colonel Pleasants was succeeded in command by Colonel Samuel S. Bell, of Ashley County, on 21 December 1862. In the reorganization of the Trans-Mississippi Army after Prairie Grove, the Twenty-ninth Regiment was redesignated as the Thirty-seventh Regiment Arkansas Infantry. It was also unofficially known as the First Trans-Mississippi Infantry, and occasionally as the First Arkansas Infantry. The regiment was heavily engaged at the Battle of Helena, 4 July 1863, suffering severe casualties.

The original members of the two Ashley County companies are listed above.

The 8870 Formula For Date of Birth

If the tombstone of a person reads, died May 6, 1889 and was 71 years, 7 months, and 9 days old but has no date of birth, use the 8870 Formula to quickly get the date of birth instead of counting backward.

	18890506	Died 1889 May 6
Minus	710709	71 years, 7 months, 9 days
	18179797	
Minus Formula	8870	Constant
	18170927	Born 1817 September 27

Total		6,034	Total \$115,888,225

Eighty five people owned gold, watches and jewelry and were taxed for these. Eleven people owned sawmills at a total value of \$13,300. There were 497 slave owners listed in this tax book.

Submitted by Patsy Kelley White, ACGS member

Got a musty book? To take away the smell, place the book into a brown paper bag with some "Kitty Litter". Tie up the end of the bag and store for about a week. Viola! Musty smell is gone!

Most Germans have two or three Christian names. Suffixes of German surnames give hints as to home regions:

bach	-	Southwestt Germany
burg	-	throughout Germany
haus	-	Westphalia
ecke	-	Hessen and Thueringen
ingen	-	Wuertenburg and Baden
inski	-	Upper Silesia (Polish)
reuth	-	Bavaria
ski/zke	-	East Pomerania (Polish)

Abstracted by Rebecca Brown

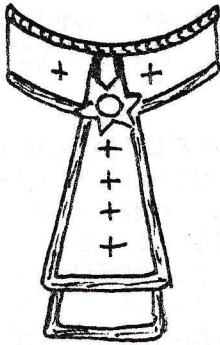

Q U E R I E S

Barbara J. THOMAS, 18250 Knotty Green Dr., Houston, TX 77084, is researching the Desoto JACKSON, born in MS in 1840, married Amelia P. PAYNE 13 Nov 1860 in Ashley County, who was living with his grandmother, Elizabeth WIMBERLY, in the 1860 census of Ashley County, AR. In 1860, Amelia is living with William J. WIMBERLY (Desoto's uncle). Desoto is listed as medical student. He served in Co. G, 37th Arkansas Infantry in Civil War (enlisted 10 May 1862 in Hamburg, AR; discharged 1 Sept 1862). Desoto apparently died by 1870, maybe in TX. In 1870 census, Amelia PAYNE JACKSON and son Desoto, Jr., age 1, born TX, were back in Ashley County, again with the William WIMBERLY family. Sarah JACKSON, sister of Desoto, Sr., married E. H. MATTHEWS in AL in 1856, and was in Limestone Co. TX in 1880.

The WIMBERLY'S in Ashley Co. in 1860 were one family. Abner and Elizabeth WIMBERLY and all their children moved to Ashley County from DeSoto Co. MS about 1851-52. Abner's known sons were D. W., John, R.C., E.P., George H., William J., James M., and Wesley A. Abner died in 1858; Elizabeth died in 1867, both in Ashley Co. R. C. and his family moved to TX, but I think other sons stayed in AR. The WIMBERLY'S were originally from GA. Two of Abner's daughters were Sarah GALLASPIE and Martha JACKSON (mother of Desoto). I would appreciate any information that might be found in court or cemetery records, and will reimburse for cost of copies and postage.

Mary J. HAZEL, born c 1846 in Randolph Co, AL, daughter of Starling HAZEL, was in Drew Co. in 1850. I think the family moved to TX by 1860 but have not located them in the census. By 1870, Mary was married to Bert THOMAS; Her parents apparently dead by then, as two younger sisters were living with Mary and Bert. Other families that I know have some connection with them were SHIPP and McKENZIE. These two families were also related to my THOMAS family who were in Dallas Co., AR, in 1850. These families in Dallas CO., AR, in 1850 were all related: David THOMAS, Luellen THOMAS, William DOWNS, Alex MARTIN, and Ewell SMITH. (Apparently all these families left AL in the 1840's and lived a while in AR before finally settling in TX, mostly by 1860's. A few branches of the families stayed in AR longer.)

Mrs. Thomas would like to correspond with anyone with information on these families.

The above picture was sent by Barbara PEEBLES, 11862 John Ave, Garden Grove, CA 92640. It was found among her husband's mothers things after she passed away. It was shown to relatives, but no one has been able to tell who she is.

Her question is not, if any one can tell who she is (that would be expecting a miracle), but her collar and tie are so unusual, she was hoping someone could identify it! It might be a clue to her identity.

There is a sketch beside the picture to try and make the details clearer. The family names that she is researching are: BAILEY, HEAD, HILL, and WHEAT. Can anyone help?

Bill DANIEL, 3520 Arrington Drive, Mobil, AL 36693, is trying to locate a sister to Samuel Wilds COOK of Conecuh County, AL. Family tradition said that her name was "Lucenda" and that she married a COKER. In the 1840 Census of Conecuh County, the COOKS appear to be living near the family of Jesse CONE whose son Joshua CONE married a Lucenda in the 1850 Census of Conecuh County. Joshua CONE (born c 1818) apparently moved to Ashley County, AR, between 1850-1860 as he is on the Census there in 1860. He apparently had married a second time by then. Does anyone have some information on the CONE family which might indicate the maiden name of the first wife of Joshua CONE, Lucenda.
